

About Us

M & S Flooring, Inc. is a market leader in flooring solutions. We offer the most recent product innovations and installation techniques available in flooring systems. Our quality and service sets us apart from all competitors. Our service is unsurpassed in the marketplace.

From its inception, M & S Flooring has demonstrated a passion for excellence. Our customers have grown to expect a quality installation performed in a timely manner and beyond the industry norm. Providing this level of excellence creates a trust-relationship with our customers - the bedrock of our success today and a platform for continued growth into the future.

Established in 1994, we have proven to customers, vendors and competitors alike that M & S Flooring is here for the long-term. With the knowledge and confidence gained thus far, we have even greater dreams for the future.

M & S Flooring, Inc. is a service company offering commercial flooring materials and labor, i.e. carpet, sheet vinyl, vinyl tile, ceramic, rubber... to the medical, educational, retail and corporate markets. M & S Flooring provides these specific professional services to all customers: Specification/Product Selection – a complete and comprehensive resource library with the latest in products and design. Budgeting Process – jointly establishing an appropriate budget and then providing flooring solutions to meet budget requirements. Installation – trained and certified installers providing cutting-edge technologies.
